

Ecma International Technical Committee 45 (TC45) External Liaison Report to ISO/IEC JTC 1/SC34

Prepared by Rex Jaeschke, Ecma TC45 Liaison officer

rex@RexJaeschke.com

Date: 2007-10-01

The next meeting of Ecma TC45 will take place in Kyoto, Japan, on 2007-12-04 through 2007-12-07.

Ecma permits its TCs to invite guests to its meetings. TC45 has reserved the final day of this meeting, Friday, December 7, from 0830 until 1500, for liaison-related issues, so SC 34 NB delegates, officers, and liaisons may attend during that time if they wish to do so. SC 34 members are invited to suggest agenda items for this part of the meeting.

Any SC 34 NB delegate, officer, or liaison wishing to attend the Friday of the TC45 meeting is requested to inform the Ecma Secretary-General, Istvan Sebestyen (istvan@ecma-international.com), indicating their intention to attend, and copying me, no later than 2007-11-07. At that time, the meeting location and other information will be communicated.
