Request for Input on Maintenance Teams

SOURCE:
JTC 1 Secretariat

PROJECT:

STATUS:
At the request of the JTC 1 Special Group on Strategic Planning, JTC 1 National Body and Subcommittee comments are invited relating to Maintenance Teams on the contributions by Ireland in JTC 1 N 5911 and N 6182. These documents among other things propose the establishment of Maintenance Teams replacing the current systematic five-year review of standards by a more flexible approach. JTC 1 notes that IEC has recently installed a similar mechanism. Comments should, among other things, address the practicalities of such an approach.
